You can allocate these hours however you wish, but here are some of the more popular tasks our destination clients have us do:

Create a website where your guests can get all wedding info like hotel booking, travel regulations, wedding day details, etc

Work directly with your destination venue contact + ensure clear communication + execution

Source Destination Vendors + Assist In booking them

Help with Save the Dates: order, assemble + mail.

Help with Invitations + email communications for local + international guests.

Create a detailed wedding timeline for the day so vendors + bridal party know whats going on

Help produce an overall logistics game plan for having a wedding in a resort, a dessert, a forest, etc.

Should you need or want someone from The Hearts + HoneyDo crew to be on site for your big day, we can do that as well and here is how it works. All travel, accommodations + food must be paid for by the client. Travel day fees may apply.

Destination Day of the Wedding Management Price Applies – \$900.00

This includes:

1 - Wedding Coordinator for up to 12 hours of on-site service on your wedding day.

Any additional days of service needed on site before or after the actual wedding day is \$350 per planner , per day - up to 6 hours of on-site service. We can help with the coordination the rehearsal dinner, pool party, beach party + any other activities during your wedding weekend.

It's important to have these elements running seamlessly + on time so you + your guests are enjoying themselves + not working out all the details on site. You can achieve that by using Hearts + HoneyDo's Destination Services!
